APPARATUS EMPLOYING SAME"

Assistant Commissioner for Patents,

Washington, D.C. 20231

S I R:

In response to the Office Action dated December 3, 2001, Applicants herewith
amend the application as follows.

IN THE SPECIFICATION

The paragraph beginning at page 8, line 17 has been amended as follows:

In the exemplary embodiment, a second heat exchanger 13 that interacts with
the first heat exchanger 9 and that is likewise fashioned ring-like is arranged around the
first heat exchanger 9. The heat exchanger 13 is stationary relative to the heat
exchanger 9. An air gap 21 (see Figure 2) is present between the two heat exchangers
9 and 13. Like the heat exchanger 9, the heat exchanger 13 in the exemplary
embodiment also is formed of seven annularly arranged heat exchange elements 14
in which a medium flows, that are connected to one another via hose conduits 15, so
that the medium can circulate through the heat exchange elements 14.
